PASTOR'S TUESDAY EVENING CLASS This Tuesday evening at 7 p.m., we will delve deeper into an aspect of the history of the Sabbath mentioned in "The Seventh Day: Revelations from the Lost Pages of History" series. In this case we will be learning more, by way of video, about the miraculous events that occurred in Alaska in the mid 1800's when God Himself introduced the seventh-day Sabbath to peoples of the northernmost parts of the Americas. These were people who never heard of a Christian or Christ, but people He set free from their bondage to devil-worshiping shamans.

WORLDWIDE HOUR OF PRAYER Many in our church believe that the 59th General Conference Session of the Seventh-day Adventist Church which will be held in Atlanta, Georgia, from June 23 through July 3, to be the most critical General Conference Session in decades because of the role newly elected officers will play in maintaining the pillars of our doctrinal foundation. Recently, creation versus evolution has been in the forefront of controversy as a war is waged against God's remnant church, attacking the very bedrock of our beliefs. Now, as never before, we must have God's chosen men and women at the helm of our church, so please join us Wednesday morning, June 16, 2010, at 7:00 a.m. Pacific time in prayer. Wherever you are, please stop what you are doing and lift up our leaders in prayer.

TRASH TO TREASURE Remember to bring your recyclables. A total of \$2,731.45 has been raised for evangelism. We are now working toward our Nov. 2010 meetings!

Reminder—All Bulletin announcements must be in the office by Monday preceding the Sabbath they are to be published. Staff meeting is Tuesday morning and that is when the bulletins are finalized. Please remember to get the information in on time.

—Thank you

ADRA Responds After Deadly Tropical Storm Strikes Honduras

Thursday, June 10, 2010

SILVER SPRING, Md. - Following the recent devastation caused by Tropical Storm Agatha that brought widespread flooding and landslides across Honduras and other parts of Central America, the Adventist Development and Relief Agency (ADRA) provided assistance to some of the most affected communities.

Answering the call for assistance by the Honduran government, ADRA worked in coordination with the nation's Permanent Commission on Contingencies (COPECO) to transport and distribute basic hygiene kits to 750 families, or 3,750 beneficiaries. ADRA also consulted with other aid organizations working in the region to determine delivery sites based on needs.

Tropical Storm Agatha, the first storm of the 2010 Pacific hurricane season and the deadliest tropical cyclone in the eastern Pacific since 1997, killed nearly 200 people and damaged bridges, homes, potable water supplies and electrical lines, according to authorities. As a result of the heavy rains, large agricultural areas were affected, particularly in the departments of Francisco Morazán, Choluteca, Valle, Comayagua and Cortes.

In the Department of Choluteca alone, more than 1,750 families were affected by the rise of the Choluteca River. Many families were evacuated from the area to temporary shelters established by the Honduran government. An initial needs assessment revealed that a sanitary risk exists due to pollution of water wells in the area.

ADRA International, ADRA Honduras, and ADRA's regional office for Central America and the Caribbean funded this initial response.

ADRA has been active in Honduras since 1998, working primarily in the areas of infrastructure, health care, economic development, food security, emergency management, and education.

To send your contribution to ADRA's Emergency Response Fund, please contact ADRA at 1.800.424.ADRA (2372) or give online at www.adra.org. Follow ADRA on Twitter and Facebook to get the latest information as it happens.

ADRA is a non-governmental organization present in 125 countries providing sustainable community development and disaster relief without regard to political or religious association, age, gender, race or ethnicity. For more information about ADRA, visit www.adra.org.
